The Begeara laser system is simple to operate and easy to use. Begeara uses a phasor only, meaning valuable time is saved because players don't need to put on (or take off) a vest. You can run more games with very little disruption to the fun being experienced.

The Laser system from Begeara is packed with features to keep

We had our daughters 11th birthday party in Activate on Monday - roller skating and bowling, even though it was really busy they fitted us in at very short notice. All the kids had a great time, the staff were really friendly and helpful from start to finish, the party food was scrumptious, I would really recommend Activate for parties.
